

CE ISO Approved

MORI THP-250

Knapsack Power Sprayer

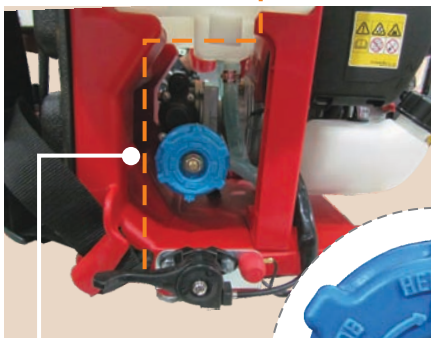

Deluxe & Durable Harness

Comfortable Padded

Throttle Lever

Adjustable Valve with 4 positions which Start, Mist, Spray and Higher Pressure.

The advantage of Plastic Pump :

1. Plunger Design.
2. Lighter and less the loading for operator.
3. Easy Start quickly.
4. Economized Oil.

TECHNICAL DATA

POWER SPRAYERS	THP-250 SERIES
Engine Brands	HONDA
Applicable engine	GX35 SD
	4 STROKE ENGINE
Displacement (c.c.)	35.8
Carburetor (Diaphragm)	Diaphragm Type
Air Cleaner	Polyurethane foam
Fuel Tank Capacity (C.C.)	600
Spark Plug (NGK)	NGK-CMR5H
Ignition	Transistor ignition type
	SAE#10W-30 SF 4 Cycle Oil
Starter	Assist Recoil
Pump	Simplex Horizontal Plunger; Plastic type
Plunger	1 piece (two-way operation)
	Dia. Of Plunger: 16mm
	Dia. Of Piston: 21mm
Spraying Volume	7.3 Liter/ Min
Max. Pressure	32~35 kg/ cm ²
Chemical Tank (L)	<p style="text-align: center;">25 LT TANK</p> 
	13.08 kgs.(included the engine)
Length x Width x High (mm)	470 x 390 x 670 mm
